

KEYSTONE GROUP HOLDINGS LLC

# CAPABILITY STATEMENT

Software & technology for modern missions.

Veteran-led California small business building software and technology for government and commercial organizations: live operations dashboards, training and formal-school platforms, custom software, and autonomous systems. Built by people who have run the operations they are built for.

## CORE CAPABILITIES

### Operations intelligence & dashboards

Live dashboards that connect payroll, scheduling, fleet, and reporting systems—with exception alerts and decision-ready reports for leaders.

### Training & education platforms

Formal-school management, curriculum development, qualification tracking, and instructor readiness reporting informed by military schoolhouse experience.

### Custom software & apps

Web and mobile applications, websites, and workflow tools—hosted, maintained, and shaped for real operational use.

### Advanced systems & autonomy

Research, assessment, and integration planning for emerging technologies and operational decision-support tools.

### Program & operations support

Program management, logistics, and fleet coordination with planning, reporting, and vendor oversight.
